**GERIATRIC CARE MANAGEMENT
HOME HEALTH CARE
HOMEMAKER & COMPANION SERVICES**

welcome
to the
family...

...experience the difference!

Bayshore Health & Homemaker Services, Inc. was founded in 1986 by the Atkinson family with the mission of providing affordable and exceptional nursing services in the home. Today over two decades later, Bayshore is still family owned and operated. Moreover, in the present day world of corporate giants, where clients and patients have become a file number, it's good to know that we at Bayshore have maintained our family values and ethics. Carrying on in the family tradition is more than just servicing patients or clients, it's making sure that each patient or client is treated as an individual, honoring them with respect and preserving their dignity.

Likewise, since most of our older population is "aging in place" it seems only natural to add Geriatric Care Management to our menu of services to better meet the needs of our clients and the community. Bayshore's Geriatric Care Managers will provide information, support and myriad services to improve the quality of life for older adults.

Affordable, quality care provided by an accomplished team of professionals is what you can expect from Bayshore. Bayshore Geriatric Solutions truly is the connecting bridge between older adults and supportive geriatric services in the Tampa Bay Area. Our family welcomes you to the Bayshore Family!

GERIATRIC CARE MANAGEMENT

The following services are provided by our experienced and professional geriatric care managers:

- **In-Home Comprehensive Assessment and Evaluation**
Conduct a comprehensive in-home assessment and evaluation and devise an individualized care plan to meet the needs of the client.
- **Consultation**
Offer counseling, education, and support to family members regarding aging issues and concerns.
- **On-Going Support & Supervision**
Provide ongoing monitoring in order to maintain the highest level of independence in a home-setting; includes reports routinely furnished to family members and healthcare professionals.
- **Crisis Intervention**
Skillfully contribute direction and guidance to enable effective decision making in the midst of a crisis.

- **Advocacy in Facilities**
Faithfully advocate for an older adult on behalf of them and/or a family member. Apply our knowledge of the state regulations and our familiarity with the structure of long-term facilities for the betterment of our clients.
- **Long-Term Placement Assistance**
Utilize our expertise to navigate the maze of long term placement steps, state required paperwork and assist in coping with the transition.
- **Assistance with Medicaid Applications**
Help determine if the older adult meets the criteria for the various state programs and assist with the Medicaid application process.
- **Supervision of Home Modification, Repair and Maintenance**
Assist with and oversee necessary home modifications, repair work and maintenance in order to keep the older adult's home environment safe.
- **Bill Paying and Claims Filing Services**
Supply assistance with check preparation, bill paying, bill reviewing, and medical claims filing.

- **Referrals to Other Professionals**
Initiate referrals to other professionals in the community for needed supportive services, including but not limited to: referrals to physicians and other medical professionals, mental health services, elder care attorneys, realtors, financial planners, trust officers, etc.
- **Social Interaction**
Develop social interaction with the older adult in their home or at the facility where they may reside. Continuously assess their status and needs during the visits and recommend changes accordingly.
